Ellen – I am more than happy to meet, and think it would be good to establish our practices, including [REDACTED]
[REDACTED]
[REDACTED]

Look forward to our discussion and my thanks for being a champion to this happening.

Hi Donna -- here is the report for employees [REDACTED]

[REDACTED]. I know you are busy this week. Perhaps we can meet next week or the one thereafter. Can you have Anita schedule something for us.

Thanks,

Ellen

Hi Ellen-

Here is an updated report showing [REDACTED] In the case of [REDACTED] and a few others that I took off the list, the error was in the data entry in SAP. These employees were showing two job codes on their record. The field that the report was pulling from was showing the job that happened to be over the salary range when in fact the real job was not over the max.

Please let me know if you need more clarification.

Bernadette -- this is interesting. When I looked at the list, [REDACTED] name jumped out. We did not hire her as a [REDACTED] but as an [REDACTED]. Could you review this and also check if others are in the right classifications.

Thank you very much for pulling this together!

Ellen

Thanks Bernadette -- this is not a rush project. So if I receive it later this week, that would be fine. Sorry for not mentioning that in my email.

Ellen

There is no direct report that I can run that would show this data, however I will work on pulling this together from multiple sources. I will try to get this to you in the next couple of hours.

Bernadette -- can you run me a report showing [REDACTED] Data fields included at a minimum should be:

Name
Organization
Title
Range Max
Employee salary

Thanks,
Ellen
